

## Carroll area pilot safety meeting with FAASTeam and Des Moines FSDO inspectors.

You may have made the same decisions that these pilots made before or during your flight. The only difference is that they had an accident or got violated. Are you a better pilot or is it something else. Join us as we discuss Human Factors, FSDO responsibilities and concerns, accident investigation and accident review. The Carroll area pilots association is hosting this event and cordially invite you to attend. The public is invited.

**Directions:** The meeting will be held in the main hangar at the airport. Come early for soup starting at 6 p.m., great conversation and to meet with area pilots.
